

I have been listening to K-Love for 2 years. My children really love it!! I know hundreds of people who listen in as well in our community. It is a very uplifting radio station. We need more stations that are as uplifting. In this day and time, we need to hear more about Jesus and not less. Everyone is trying to get him out of everything. We need HIM in EVERYTHING!! You would be doing a great dis-service to our community if you take them off the air! Thanks for your time and consideration!!
